SHOULDER AND DRAINAGE WORK ON NH 9 IN ROXBURY AND SULLIVAN
ONE-WAY ALTERNATING TRAFFIC REQUIRED DURING WORK HOURS

The New Hampshire Department of Transportation announces shoulder and drainage work as well as pavement resurfacing on NH Route 9 in the towns of Roxbury and Sullivan is scheduled to begin the week of June 1, 2004.

This project is approximately two miles in length and includes the construction of two-foot wide paved shoulders and the replacement of drainage pipes prior to pavement resurfacing.

One-way alternating traffic will be necessary during daytime work hours in order to perform the work. Flaggers will assist motorists through the work zone. Some delays can be expected.

The estimated completion date is August 31, 2004.
